

## Healthy Workplace Policy

At Wibli Wobli Nursery we are committed to providing a workplace which supports and encourages a healthy staff team through staff training, health and safety awareness and supervisions.

### **Dress code**

Staff must follow our dress code at all times. The dress code is detailed in our Staff Handbook.

### **Staff breaks**

It is the responsibility of the nursery manager to ensure that all staff working six hours or more take a break of 20 minutes, 30 minutes or 60 minutes depending on hours worked and ensuring that ratios are maintained.

Staff under 18 require a break of 30 minutes in circumstances where they work 4.5 hours a day. All breaks should be taken away from an employee's normal work area (where this is applicable).

### **Personal hygiene**

Staff must follow the personal hygiene code at all times and encourage children to adopt the same good personal hygiene code themselves.

All hands must be washed before handling food, after using the toilet or toileting children, after playing outside, wiping noses, messy play activities and after contact with animals.

After noses have been wiped the tissue must be disposed of hygienically and hands should be washed.

### **Wellbeing**

At Wibli Wobli nursery we are committed to ensuring the mental health wellbeing of our staff. We operate an open doors policy where staff can reach out to the Nursery manager for mental health support. The Nursery manager will provide confidential assistance to employees who are experiencing mental health problems without judgment. We will make adjustments in the workplace where appropriate to support employees and/or signpost them to appropriate services that can help.

We support activities that enable good mental health in the workplace and encourage positive and productive relationships between staff, the children, parents and carers and third parties.
