

NURSERY OPERATIONAL PLAN

Introduction

In order for Wibli Wobli Nursery to run effectively and efficiently and serve the needs of the local communities in which it operates, it is important that we maintain a clear and comprehensive operational plan that is implemented, reviewed and revised on a regular basis.

This operational plan applies to all nursery settings operated by Wibli Wobli Nursery and acts as a blueprint for managing each provision. It outlines how the nursery operates, the type of service provided, the organisational structure, roles and responsibilities, and guidance on practice and procedures.

This plan is used by the Responsible Individual, nursery managers, staff, parents, and external agencies as:

- A reference tool for day-to-day practice
- A framework for consistency across all settings
- A tool for monitoring and evaluating the quality of care provided

Whilst this document outlines the core operational framework, each nursery setting operates with site-specific arrangements, which are detailed in individual schedules.

We are committed to continuous improvement and will review this operational plan regularly through reflective practice, implementing any necessary changes following review.

This operational plan has been developed in line with requirements set by Care Inspectorate Wales.

PART I – NURSERY PROVISION

Mission Statement

At Wibli Wobli Nursery, across all our settings, we seek to nurture and inspire children to learn and grow through language and play.

We have four key elements: We Love Language, We Love Play, We Love our Planet, We Love Well-being

Aims and Objectives

Across all nursery settings, our aims and objectives are:

Language & Culture

- To provide a Welsh language service and promote Welsh language and identity
- To promote the benefits of language learning and awareness of different cultures
- To support Welsh language within the community
- To promote Welsh-medium education and liaise with local Welsh-medium schools
- To promote inclusivity and equal opportunities

Learning Through Play

- To promote learning and development through play
- To cater for each child's individual needs and growth
- To provide a child-inspired structured learning programme alongside free play
- To provide a loving, safe and secure environment
- To create a homely, happy, calming and stimulating atmosphere

Sustainability

- To run an environmentally friendly and sustainable business
- To teach children about caring for the planet and nature
- To use our Forest school provision for learning and development of children across all settings

Health and Wellbeing

- To promote wellbeing of both staff and children
- To promote a highly trained and valued team, with support for ongoing development
- To encourage healthy eating
- To promote resilience, curiosity and confidence
- To work in partnership with parents and carers
- To liaise with professionals in the best interests of the child

Opening Hours & Ratios

Each nursery setting operates within its own opening hours to meet the needs of the local community. Specific opening times are detailed in site-specific schedules below.

We aim to always be slightly overstaffed, with staff such as management and the ALNCo/Behavioural Lead out of numbers. Staffing ratios across all settings comply with Care Inspectorate Wales: 0-2 years 1:3, 2-3 years 1:4, 3-12 years 1:8.

Curriculum Plan

We follow the Curriculum for Wales and operate as Non-Maintained Education Settings where applicable.

The curriculum is based on four purposes:

- Ambitious, capable learners
- Enterprising, creative contributors
- Ethical, informed citizens
- Healthy, confident individuals

We also follow the five developmental pathways: Belonging, Communication, Exploration, Physical development, Well-being.

Approach

Across all settings learning is child-centred, activities reflect children's interests and plans remain flexible. Children's progress is recorded using observations and assessments and progress is shared with parents during parent consultations.

The environment is designed to provide hands-on, meaningful experiences and opportunities for independence, challenge and success. We continually review and adapt our curriculum and environment.

CIW Inspection Reports

Each nursery setting maintains its own inspection report from Care Inspectorate Wales, available to parents and stakeholders upon request or via the CIW website.

PART II – STAFF

Staff Organisation

All settings operate within a structured staffing model which may vary depending on size:

- Director (Responsible Individual)
- Nursery Manager (Responsible Individual and Person in Charge)
- Deputy Manager (Person in Charge)
- Room Leaders
- Nursery Practitioners
- Apprentices / Volunteers
- Nursery Cook
- ALNCo/Behavioural Lead
- Welsh Language Officer

Detailed staffing arrangements are provided in the Staff Operational Chart for each site. See below schedule.

Staff Recruitment and Induction

Our philosophy is to provide high-quality care where children feel safe, happy and valued.

We follow strict safe recruitment practices which the Nursery Manager of each setting oversees. All new staff are required to provide two references including their latest employer where applicable, two forms of ID, a valid DBS and either be on the DBS updating Service a new DBS check is obtained for Wibli Wobli and staff are required to sign up to the DBS Updating Service within 30 days of issue.

On induction staff are required to:

- read all nursery policies and procedures available on the website and the Staff Handbook with staff specific policies available on the nursery app for staff to access
- sign to confirm that they have read and understood all policies and procedures
- complete mandatory training using Noodle Now for Safeguarding, Health and Safety, Fire Safety, Food Hygiene, Food Allergens, Prevent, Equality and Diversity and Manual Handling. If staff do not have a recent Paediatric First Aid certificate they are put on the next face to face course.
- get taken into the room they will be working in and given a room induction by the room leader or senior member of staff

Staff Communication

We have a staff operational chart which clearly sets out the chain of communication within the nursery structure. We also have a staff communications policy which sets out internal communications.

We promote professionalism and respect, provide equal opportunities, support Welsh language development and require staff to follow all policies and procedures.

All our general policies and procedures are available on our website and staff specific policies in our staff handbook are available for staff to view on the nursery app Family. Digital copies are available at the nursery and are accessible to nursery management.

Staff Designated Roles

The nursery assigns key responsibilities including:

- Health & Safety Officer
- Designated Safeguarding Lead / Deputy Designated Safeguarding Lead
- Chief First Aider
- Fire Safety Officer
- ALNCo/Behavioural Lead
- Data Protection Officer
- Inclusion Officer
- Training Coordinator
- Welsh Language Officer
- Sustainability Officer

Named individuals may vary by site and are detailed in the individual site schedules below.

PART III – PARTNERSHIP WITH PARENTS

At Wibli Wobli Nursery across all settings, we believe in strong partnerships with parents and carers.

Enrollment

- Parents are invited to have a tour of the nursery and then are provided with an enrollment form via our nursery app Famly to sign up their child.
- The enrollment form involves signing nursery Terms and Conditions, providing key information including the child's name and date of birth, details or any allergies or dietary requirements and emergency contact information.
- Children are then set up on Famly with a child profile. Parents can access and amend information regarding their child and can view the nursery SOP and other key documents in the documents section of the nursery app.
- Parents are invited to complete permissions on the nursery app before starting, to include permission to administer first aid, go on outings, apply suncream and photo permissions including on the app and externally on social media.
- Closer to the start date the child has two free two hour settle ins usually the week before starting. On the first settle in session the parent completes an All About Me form which includes details about the child's routine, needs and interests and goes over some of the key Famly information such as photo permissions and any allergies or dietary requirements. Key information is then communicated to the staff in the room and where applicable to management and the nursery cook.

Communication

The Staff Communications Policy sets out communication with parents. Each child is allocated a key worker who is the main point of contact for parents. Information is communicated via the nursery app Famly and on handovers with drop off and collection of the child.

If any queries or concerns arise that the key worker cannot resolve, the matter is escalated to the room leader and then to nursery management. Our complaints procedure is available on our website.

We welcome parent involvement and do this via annual parent feedback questionnaires, regular parent consultations, parent stay and play sessions and activities and events that parents can be involved in such as the Eisteddfod, Clwb Cwtsh Welsh classes for parents and taking Mr Wibbles home on his travels.

PART IV – DAILY OPERATIONS

Daily Checks and Routine

Each setting operates a structured daily routine that promotes consistency, safety, and inclusive practice. This includes:

- Completion of daily health and safety checks and cleaning schedules
- Ongoing dynamic risk assessments to ensure a safe environment
- Implementation of inclusive, equitable, and non-discriminatory practices in line with statutory requirements

Emergency Procedures

All settings implement robust emergency procedures to safeguard children and staff. These include:

- Fire evacuation procedures, regularly practised and recorded
- Lockdown procedures to respond to potential external threats
- Lost child procedures, both on and off site
- Adverse weather contingency plans
- First aid procedures, with trained staff available at all times

Policies and Accessibility

All policies are maintained and communicated effectively to ensure transparency and compliance. They are:

- Available online for parents, carers, and stakeholders
- Accessible within each nursery setting
- Shared with staff and parents to ensure understanding and consistent implementation

Improvement and Review Plan

The provision is committed to continuous improvement and maintaining high-quality standards. See our Improvement and Review Plan for more detailed information. This is achieved through:

- Ongoing self-evaluation and reflective practice
- Monitoring and evaluation of quality across staff practice, children's outcomes, and parent feedback
- Regular review and updating of policies and procedures to reflect current legislation and best practice

All improvements are informed by evaluation processes and implemented to support continuous development and high standards of care and education.
